DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Tuan, 4,262,342.

Tuan, 4,262,342, discloses in Fig. 1 a memory device comprising:

a plurality of bit line pairs 20A and 20B;

a plurality of memory cells 23A and 23B including capacitors 25A and 25B;

a plurality of dummy cells 27A and 27B of the same structure as that of memory cells 23A and 23B (see lines 6-8, column 3);

at the time t₁, one of memory cells is selective gated onto bit line 20B while the dummy cells 27a is gated onto bit line 20A (see lines 61-63, column 4); the dummy cell 27A is charged with a predetermined zero volt (see lines 67-68, column 6);

sense amplifier 22;

control circuit transistor 28A for precharging dummy capacitor 27A to a predetermined voltage level VDD in response to control signal 0P (see lines 51-54, column 4) for a fixed time period time t₀ prior time t₁.

Allowable Subject Matter

3. Claims 3-9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. The following is an examiner's statement of reasons for allowance:

The memory device of claim 1 including all the features as recited in claims 3-9 has not been found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 2818

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Response to Arguments

In view of Applicant's amendment 6/23/04, the office action of 3/24/04 has been withdrawn and a new office action has been set forth and is made FINAL.
